

Cinematic Opener For Motion 5 V1.3

Note: Requires Apple Motion 5.4.1 or Final Cut Pro X 10.4.3 or newer versions.

1) Final Cut Pro X Installation:

~ HOW TO INSTALL THE TEMPLATE ~

This template can be used inside Final Cut X with or without Apple Motion installed. Depending if you have or not Apple Motion installed on your Mac, the installation process is different. If you have Motion and Final Cut X please use the first method. If you have only Final Cut X but no Motion, please use the second method. If you have only Motion but no Final Cut X you do not need to install the templates. After installation, restart Final Cut X if it is running. USE this method if you have Motion installed on your Mac

Copy << Motion Titles 2 >> folder to:

~/Movies/Motion Templates/Generators

USE this method if you DO NOT have Motion installed on your Mac

Copy << Motion Titles 2 >> folder to:

/Applications/Final Cut Pro/Contents/PlugIns/

MediaProviders/MotionEffect.fxp/Contents/Resources/Templates/Generators

2) Editing in Final Cut Pro X 10.4.3 or above versions

Open the Final Cut Pro X go to "Title and Generators sidebar" and find under "Generators" "Cinematic Opener for Motion"

Drag'n drop it on timeline, then click on it.

Under "Generators Inspector" there are "Published Parameters" where you can edit the LOGO and TEXT.

3) Editing in Apple Motion 5.4.1

Open the Project, go to "Media" bin, click on "envato logo" go to "Inspector>Media" and click on "Replace Media File", then browse for you logo file.

Scroll down in timeline and find the text layer "a group of digital marketplaces", double click on it and edit the text.

You are ready for rendering!
