

Corporate Logo

~ HOW TO INSTALL THE TEMPLATE ~

This template can be used inside Final Cut X with or without Apple Motion installed.

If you are After Effects user you can find the same template for AE here:

<https://videohive.net/item/elegant-corporate-logo-v2/4589599>

USE this method if you have Motion installed on your Mac
FCPX Titles folder to:

~/Movies/Motion Templates/Generators

USE this method if you DO NOT have Motion installed on your Mac
Copy FCPX Titles folder to:

/Applications/Final Cut Pro/Contents/PlugIns/
MediaProviders/MotionEffect.fxp/Contents/Resources/Templates/
Generators

If you are using template in Final Cut Pro X 10.3.3 or above
versions

You can find it in Generators, just drag'n drop it in timeline.
Click on it and open Generator Inspector to change logo size, scale,
tagline, backgrounds and fonts, as well as back light colours.

If you are using Motion 5.3.2 or above versions

Go to MEDIA tab, select "Envato logo", then go to inspector > media
>replace media from file and browse for your logo. Scale it down or
up, change tagline and background colour and you are ready for
rendering.
