

Corporate Logo Reveal FCPX v1.1 update

~ HOW TO INSTALL THE TEMPLATE ~

This template can be used in Final Cut Pro X with or without Apple Motion installed.

USE this method if you have Motion installed on your Mac

Copy folder to:

~/Movies/Motion Templates/Generators

USE this method if you DO NOT have Motion installed on your Mac

Copy folder to:

/Applications/Final Cut Pro/Contents/PlugIns/
MediaProviders/MotionEffect.fxp/Contents/Resources/Templates/
Generators

- Editing in Apple Motion 5.4 or above

When you open the template in Apple Motion 5.4 or above versions go to 'Media' tab click on the 'Logo.png' > 'Inspector' > 'Media' > Replace Media File.

Note:

Make sure your logo is prepared on a transparent background in resolution 3840x2160 px

After you've replaced logo with your own, go to Layers > Logo Pieces and find text layer to replace the Tagline text.

After this you are ready to change background colour by clicking on a ?Background? group in a timeline then click on a ?BG? layer. Under Inspector > Generator replace Background colours and you are ready for rendering by clicking on a 'Share' in main menu > 'Export Movie'.

Editing in Final Cut Pro X 10.4 or above versions

Open the Final Cut Pro X, go to 'Titles and Generators Sidebar', then under 'Generators' > 'Custom' locate 'Corporate Logo FCPX', drag it in timeline, drag your logo in timeline, click on 'Corporate Logo FCPX', click on 'Logo' placeholder and select your new logo from the timeline. Now adjust the Logo Size and Scale parameters, Tagline, BG Colours and you are done.
