

# FCP Glitch Transitions

Thanks so much for your purchase of FCP Glitch Transitions.

In order to utilize the template at its full potential it is highly recommended that you watch the included video tutorial, it will explain how you import the transitions and use with your footage. For any more information on how the project works please direct all your queries to <http://videohive.net/user/vystina>

## **To install the project:**

If you have Motion installed, copy the FCP Glitch Transitions folder to: Movies/Motion Templates/Transitions

If you don't have Motion installed, copy the FCP Glitch Transitions folder to Applications/Final Cut Pro/Contents/PlugIns/MediaProviders/MotionEffect.fxp/Contents/Resources/Templates/Transitions

## **Sound Effects:**

The sound effects can be found in the sound effects folder and are linked up to their corresponding glitch number.

If you were able to make good use of the pack I'd really appreciate if you could post a rating at <http://videohive.net/downloads>

All the best!
