

Help file:

step 1:

-In project panel, open the directory: "CHANGE THESE COMPOSITIONS",

open the 7 text placeholders, double click the text layers and edit text.

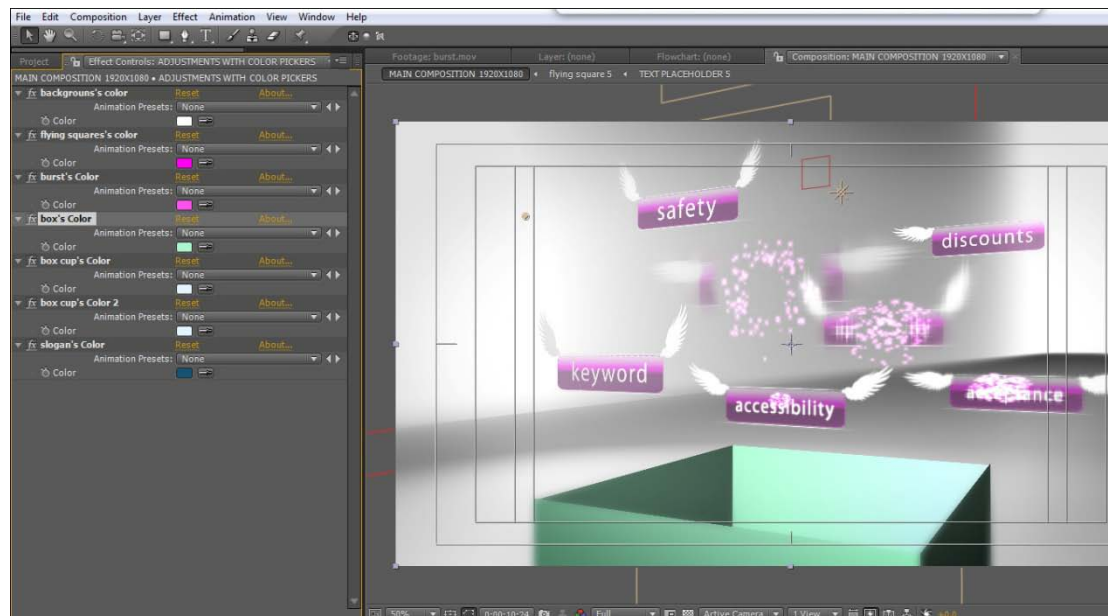

-Open the "Placeholder of your product or logo & slogan" and replace your logo, edit text, or hide them and through in your product's photo.

step 2:

- Open the "MAIN COMPOSITION 1920X1080", select the first layer : "ADJUSTMENTS WITH COLOR PICKERS",

press F3 to open effects panel, and edit colors as you like!

step3:

- Render "MAIN COMPOSITION 1920X1080", or "MAIN COMPOSITION 1280X720" depending of the resolution you need.

Music in preview from "R-Mafi", can be bought here:
